April 2017

## Parlin Office To Close July 1, 2017

The Parlin Office was opened in 2002 to help alleviate foot and drive-up traffic from our other two offices. It has served as the middle ground between our Sayreville and South River offices ever since. With the ever-changing technology and convenience of electronic services, we are able to provide our members with other ways to conveniently do their banking, making it hard to keep the Branch open at this time.

We appreciate our daily visitors and can't wait to serve you better and faster at one of our other two local offices. The Parlin Office will officially close July 1, 2017.

The Parlin Office also houses some of our back office support staff. The building will continue to be used for this purpose, however it will not be open to our membership.
